Lesson 4 Objective: __________________________________________________

Activities: ___________________________________________________________

Outcomes: ___________________________________________________________

Lesson 5 Objective: __________________________________________________

Activities: ___________________________________________________________

Outcomes: ___________________________________________________________

Summary & Evaluation

My unit will be successful if: ____________________________________________

Materials needed to accomplish goal: _________________________________

I will evaluate my outcomes by: _______________________________________

Students will have a positive experience because: _______________________

Teachers will have a positive experience because: ________________________
