25th Annual Pre-College Engineering Day

The goal of PCED is to motivate students to pursue a STEM related career (Science, Technology, Engineering, and Mathematics). We mainly cater to minority high school students in hopes of increasing their representation in these areas.

Why Get Involved?

As a corporate sponsor, you will have the opportunity to reach out to large amount of students interested in engineering. This way you will have access to a rich reservoir of talent found in the multicultural community of New York City.

You will be able to promote and profile your company / organization at this prestigious event. Furthermore, you will help shape the future employees, managers, leaders, CEO's and visionary thinkers.

We Need YOU!

In order to make this event possible we need your help! We are a non-profit organization and need corporate sponsors to make the event possible. There are different ways to be a part of this event. You may present a workshop, fund the project, or sponsor the meals. For more information please take a look at our 2019 proposal.

SAVE THE DATE:

March 22nd, 2019
City College of New York, Great Hall
8:00 AM - 3:30 PM
