CAPT Dave Goggins

Ohio Replacement Program Manager, PMS 397

Topic: OHIO Replacement Program Updates/Overviews

Thursday, 21 January 2016 1130-1300

CAPT Goggins was born in Los Angeles, California, on June 2, 1966. He is the son of Mr. and Mrs. Donald E. Goggins. He attended the University of California, at Berkeley, and graduated in 1989 with a B.S. in Nuclear Engineering and Material Science Engineering. Then he completed nuclear power training at Orlando, Florida, and Windsor, Connecticut.

Following the completion of Submarine Officer Basic Course in Groton, Connecticut, CAPT Goggins reported to USS TECUMSEH (SSBN 628) in October 1990. On board TECUMSEH, he served as Electrical Controls Assistant, Sonar Officer, and Assistant Operations Officer. Upon completion of this tour in April 1999, CAPT Goggins attended Massachusetts Institute of Technology (MIT) from 1999 to 2001 an received a Master of Science degree in Mechanical Engineering and Naval Architecture and Marine Engineering.

CAPT Goggins was selected for lateral transfer to the Engineering Duty Officer Community and reported to the Supervisor of Shipbuilding, Conversion and Repair (SUPSHIP) in Groton, Connecticut. At this command he was the Lead Ship Coordinator for the Pre-commissioning Unit CONNECTICUT (SSN 22) from initial hull erect through delivery and to the initial stages of the Post-Shakedown Availability planning. Upon completion of this tour in April 1999, CAPT Goggins attended Massachusetts Institute of Technology (MIT) from 1999 to 2001 and received a Master of Science degree in Mechanical Engineering and Naval Architecture and Marine Engineering.

CAPT Goggins reported to Naval Submarine Support Facility at New London, Connecticut, where he served as the Assistant Repair Officer. In this role, CAPT Goggins was responsible for the submarine repair for 17 fast-attack submarines homeported in Groton. In June 2003, CAPT Goggins reported to SUPSHIP Groton and was assigned as the SEAWOLF Class Project Officer and Program Manager’s Representative. He completed the construction of the third and final SEAWOLF Class submarine including design, construction, and integration of the Multi-Mission Platform (MMP) modification to PCU JIMMY CARTER (SSN 23). Upon delivery of JIMMY CARTER, CAPT Goggins was assigned as the SSGN Conversion Project Officer and Program Manager’s Representative at SUPSHIP Groton where he completed the conversion of the USS OHIO (SSGN 726) and USS FLORIDA (SSGN 728).

In 2006, CAPT Goggins reported to PEO Submarines as part of the VIRGINIA Class Submarine Program Office, where he served as the Assistant Program Manager (APM) for Post Delivery and the APM for New Construction. During this tour he completed the Post Shakedown Availability for USS VIRGINIA (SSN 774) and the delivery of USS NEW MEXICO (SSN 779) and USS MISSOURI (SSN 780). In August 2010, he reported to the Office of Chief of Naval Operations, Undersea Warfare Division (N97). On June 28, 2012, CAPT Goggins was named as VIRGINIA Class Submarine Program Manager. On June 26, 2015, he assumed the duties as the OHIO Replacement Program Manager.

Menu: Sandwiches, chips, soda & water
Meeting Fee: $10 for ASNE/SNAME Members
$15 for ASNE/SNAME Non-members
$5 for Young Professional ASNE/SNAME members
Free for full-time ASNE/SNAME engineering students

Date: Thursday, 21 January 2016 1130-1300
Location: BAE Systems Conference Center, First Floor
80 M Street SE, Washington, DC

Register & pay online: http://www.navalengineers.org/flagship/
RSVP: By Wednesday, 20 January 2016
Event PoC: Andy Rolle at Phone: 202-203-6365 E-Mail: andreas.rolle@baesystems.com

Cancellation: All cancellations must be made by 5 pm on Wednesday, 20 January 2016.
