

W&M THE MAKERSPACES
AT WILLIAM & MARY

ASNE ELECTRIC PROPULSION RACE TEAM 2024

We're looking for students interested in building and competing an all-electric, autonomous race boat.

Last year we entered the race for the first time and won 3rd place. This year we intend to take 1st.

The team will be a composite makeup from all different majors and meet in Small Hall on the 11th.

Why Race?

- ✓ It's a fun & exciting experience
- ✓ Learn how to construct basic autonomous vehicles
- ✓ Because boat goes brrrrr
- ✓ Skills, CV, Experience... etc.
- ✓ To beat other schools

More Information

A Q&A session will be held September 11th at 5pm in the Makerspace Center (Small Hall Rm. 224)
