

AMERICAN SOCIETY OF
NAVAL ENGINEERS

FMMS

FLEET MAINTENANCE & MODERNIZATION SYMPOSIUM **2026**

FMMS brings together the fleet maintenance, modernization and ship repair community—military, industry, government, and academia—to advance solutions and strengthen the readiness of America's naval forces.

LEARN

New technologies and best practices for fleet maintenance and modernization.

COLLABORATE

Across disciplines to integrate engineering into every phase of the lifecycle.

IMPROVE

Repair strategies and data-driven insights to reduce cost, time and rework.

MODERNIZE

Proven technologies and designs to keep the fleet combat ready.
